Praises & Requests, March 2019

a prayer publication of Cadence International®

Week of March 3

❑ **Dick and MaryEtta Reynolds, Home Assignment, CO.** Pray that our recent Southeast trip would bear fruit in donor support to enable the house at Fort Carson to open. We spoke at a men's breakfast at Fountain Church on March 2.

Week of March 10

❑ **Lou and Cathy Rozmiarek, Headquarters, CO.** We returned from our limited-term assignment at Camp Hansen. We really enjoyed our time and overall Lou was able to sustain ministry without too many days of health flare ups. Please pray as he meets with his doctors as they evaluate him. We continue to pray for wisdom and clarification for our next role with Cadence.

Week of March 17

❑ **Lorene Glynn, Air Force Academy, CO** Our prep students are in the last quarter of academics. We treasure these weeks we have especially with those who come to the chapel Bible studies. It's our prayer they will mature and be ready for the next phase of military training that is before them. We are grateful for their parents who have been a great support for them.

Week of March 24

❑ **Frank and Ruth Ann Branham, Fort Carson, CO.** Please pray for Marco and William. Marco enjoys coming to the house, but his job has prevented him since Christmas. William is his friend. I have had lunch with them twice. They seem open to the gospel but have not yet believed. Pray that they will be able to come to our "Gatherings" on Friday nights and that their eyes will be open to the gospel.

Week of March 31

❑ **Gene and Anne Poppino, Pastoral Care, WA.** We are launching our new Conference Training Team this month at the Asia Conference on Okinawa. Training on counseling skills and on how to manage time and energy will be shared at each field conference in 2019. Pray for effective training.

Month of March

David Schroeder, President.

As we move through this year with a posture of dependence, a sense of expectation, and a fresh commitment to trust God together for His divine power in our lives and ministries, here are some of the requests I am praying for and looking forward to seeing God do through Cadence in 2019:

- ❑ The Lord of the Harvest sending an unprecedented wave of workers into military ministry in Cadence in answer to our prayers and recruiting efforts.
- ❑ The establishment and opening of new hospitality houses/adult ministries in the San Diego Military Community, NAS Oceana Virginia, Camp Foster Okinawa, and Peterson AFB in Colorado Springs, Colorado.
- ❑ The expansion of Cadence Foreign Military Ministries as Division leader, Paul Bradley and his family move back to the States to provide leadership in recruiting, PR, and strategy for development and growth of this ministry.
- ❑ The implementation of cohesive and consistent ministry training at every field conference around the world by a team of Cadence Conference Trainers.
- ❑ The pioneering of a Colorado Alumni Ministry Chapter as a prototype for future multiplication across the U.S. and the expansion of the Cadence Alumni network.
- ❑ The genesis of multifaceted fundraising strategies providing multiple streams of income for Cadence and our ministries.
